<b>Topic</b>	Video System Mapping Problem
<b>Problem</b>	Customers have noticed map display problems in “hPlayer” software
<b>Google Mapping Changes</b>	Google is the map program of choice for many mobile DVR software products. When Google makes changes in their mapping program, that improve their product function on occasion this adversely affects those mobile video software programs using the product.
<b>Manufacturer Notice</b>	On February 28, 2019 we made the manufacturer aware of the problem. We tested several other manufacturer products that also demonstrated the same problem.
<b>Manufacturer Action Taken</b>	Within 12 hours of the reported problem, ABV received a corrected “hPlayer” version software program, that was tested and mapping function verified to properly function.
<b>Customers Recommended Actions</b>	<p>At this time we are recommending all customers of the above listed “Affected” products Uninstall &amp; Delete the “hPlayer” Software currently on your PC.</p> <p>New “hPlayer” Software available for free download at: <a href="https://americanbusvideo.com/CUSTOMER-FTP/SD4mX/Video%20Player/HPlayer%202018.11.28/">https://americanbusvideo.com/CUSTOMER-FTP/SD4mX/Video%20Player/HPlayer%202018.11.28/</a></p> <p>It is recommended that this process be completed ASAP to insure proper function of all software features</p>
