Split Screen LCD Display Function for 2 Camera System

For those who have less than 4 cameras in their vehicle system, you can select a "zoom in" function to maximize your camera view in the DVR Menu.

Log in the DVR Menu with default password "6666", select System, select sub-menu Other as in the below image and scroll to the desired setting. Make sure you save the setting if asked, then reboot the DVR to have the new setting take effect.

1. Settle " Zoom-in CH: CH1-2 or CH3-4"

	0	ther			
VGA Output	1024*768	Zoom	in CH	CH1-2	
Alarm Phone	OFF				
Phone NO.	00000000000000				
CYCLE CH	ALL	OFF			
CYCLE Time	3 s				
				K Can	

2. Restart MDVR to be effective:
