

# SS4 & SS4GW DVR Firmware Upgrade

Step 1: Copy the folder to USB disk or SD card root directory and insert the USB disk or SD card into the device.

Step 2: Power off the DVR and reboot it, then it will upgrade automatically. Or go to Menu -> System -> Update->Software, touch OK to confirm the upgrading. Both methods can start the upgrade process.

Step 3: When "Update success!" is shown on the display, the device will reboot automatically.

Step 4: After rebooting, please check if the version is the same as the one you copy into "upgrade" folder. Please go to Menu -> System -> Info to check it.
